

A close-up photograph of several rice panicles (grains) hanging from a stem. The panicles are a golden-brown color, indicating they are ripe. The background is a soft, out-of-focus green, suggesting a rice field. The lighting is bright and natural, highlighting the texture of the grains.

Faculty of Agriculture and Food Sciences

.....

Universiti Putra Malaysia Bintulu Sarawak Campus (UPMKB) is not a new name amongst the nation's institutions of higher learning. In fact, it is the oldest campus in Sarawak. The history of Universiti Putra Malaysia Bintulu Sarawak Campus can be traced back to 1974, when it was a temporary campus under the National Resources Training Centre in Semenggok, Kuching. The campus relocated to its permanent site in Bintulu, Sarawak in 1987. On the same year, Universiti Pertanian Malaysia Sarawak was officially established as a branch campus and currently it has one faculty, the Faculty of Agriculture and Food Sciences. This faculty comprises five academic departments: Department of Crop Science, Department of Forestry Science, Department of Social Science, Department of Basic Science and Engineering, and Department of Animal Science and Fishery.
