

GoSoru

GoSoru is the first food app that considers user's budget!

- GoSoru is a crowd sourced map based with pins mobile application caters for budget conscious eateries such as food stalls and restaurants by focusing only on 1 specialty item.
- Low budget food-goers such as students can quickly identify the best food nearby, crowd sourced ranking, halal certified by selecting the appropriate amount of money to spend.
- We offer business analysis performance to restaurant owners to subscribe our GoSoru.

ACHIEVEMENT

Total fund secured RM179k

- PlatCOM Venture AIM

Gold medal MyEXPO 2013

Bronze medal PECIPTA 2013

CURRENT STATUS

- Working on the minimum viable product for GoSoru app
- Discovered the early adopters including students, low income earners, food stalls & food restaurants.
